DEMOCRATIC GAINS OVER COUNTRY

Election in Fulton County Shows Bonds Carry Easily.

The election Tuesday, as far as Hickman and Fulton County were concerned, caused not the least ripple of excitement and scarcely more interest. The bond issue carried handsomely, the vote being 792 for and 207 against, being nearly four to one. For Congress the vote was Barkley 536, McNair 127.

In the Congressional and state elections the Democrats surprised even themselves. They elected Alfred Smith governor and Dr. R. S. Copeland U. S. Senator from New York by astounding majorities. Reed, Democrat, was elected in Missouri, and on the face of returns it seems as if in Montana and Wyoming, where they were thought to have a slim chance, they have elected senators. It looks like Edwards is defeated in New Jersey and Hillecock in Nebraska, but democracy will make a substantial gain in the Senate where the dopsters of all faiths had predicted they could not even hardly hold their own. In the lower house of Congress the Republican majority has dwindled to about 20, where it has been over 100. Tennessee has been redeemed, Peay being elected governor over Alf Taylor, and Senator K. D. McKellar re-elected. Lodge had the closest squeak of his political life in Massachusetts, winning by less than 2000.

And the Democrats captured Michigan.

ARGE CROWD TRADING IN HICKMAN TUESDAY

Each week greater interest is manifested in Tuesday as a Trades Day in Hickman. The buying public are satisfied with the fine quality of merchandise that our merchants have with prices that can not be duplicated in any of our neighboring towns. Everyone is looking forward to next Saturday which will be the biggest Saturday in Hickman for years. Don't fail to arrive early in time for free money and picture to be made at 10:30 a. m. Make your plans now to be here and tell others about the hour for the program.

CAR SHORTAGE ACUTE

Following the recent Inter-State Commerce Commission's ruling that all freight cars must be sent to their home divisions, the car situation here is at an acute stage. Local manufacturers and other shippers are having a hard time securing anything like enough cars for their shipments and are making a daily fight for cars. The local agents of both railroads are doing all in their power to supply those.

HICKS-TAYLOR

Miss Esther Taylor, residing on Bond Hill, and J. H. Hicks, of Muskegon Mich., were married Saturday afternoon in Union City, returning here immediately after the wedding and leaving Sunday night for Muskegon, where they will reside. The bride is the oldest daughter of Mr. and Mrs. Walter Taylor. The groom was born and reared near town but has been working in Muskegon for sometime.

FOOTBALL GAME.

The Hickman High School 2nd football team journeyed to Woodland Mills yesterday evening, where they defeated the team there. The score was 13 to 12.

The work of Henry and Jonakin were features of the game. This makes the fourth victory over the Woodland team this year.

Farm Woman and Mule in Hall Case.

The natural curiosity of a mule was an important factor in solution of the murders of Rev. Hall and his pretty choir singer, Eleanor Mills, at New Brunswick, N. J.

Mrs. Jane Gibson, farm woman, in the early evening was riding "Jenny" in search of corn thieves when the mule attracted her attention to the murder party just as the shooting started. Mrs. Gibson came forward as a witness when an innocent boy was accused.

SATURDAY BIG DAY IN HICKMAN.

You would not think of spending Armistice Day, next Saturday, anywhere other than Hickman. There will be a picture made of the large crowd at 10:30 a. m. and everyone is planning to reach Hickman early, to trade early and be in the picture which will be made on Chase Street. Take this day off and be in Hickman. Your friends will be here.

Col. J. O. West will sell anything he has the farmers at auction free on this day.

REVIVAL MEETING AT FIRST CHRISTIAN CHURCH

A revival meeting will begin at the Christian Church on Sunday morning, November 19th. Evangelist A. P. Gray of Murfreesboro, Tenn., will do the preaching, assisted by Miss Edith Elliott, of Sulphur, Ky., as soloist and special helper.

Mr. Gray has been a very successful evangelist for several years as well as regular pastor of strong churches. He left the evangelistic field to become the pastor of the Central Christian Church of Murfreesboro where he is located at present. Mr. Gray has all the qualifications of a popular and effective preacher, and has always enjoyed great success wherever he has gone.

Miss Elliott is the daughter of H. W. Elliott of Sulphur, Ky., with whom many Hickman people are acquainted. Mr. Elliott has been secretary and treasurer of the Kentucky Christian Missionary Convention for thirty-one years through which 278 churches have been organized and 64,306 members added to Kentucky Christian Churches.

Miss Edith has had years of training in this work, is a sweet singer and a charming personality. We are fortunate in having these Christian workers come to our town and congratulate the members of the Christian Church. Everybody who avails themselves of the opportunity to hear these people will be gratified and benefited.

Col. C. L. Walker was in St. Louis the latter part of last week, joining Senator A. O. Stanley and Senator Jim Reed there for a couple of days, going to Louisville Saturday and arriving here Sunday.

Mrs. T. A. Leford and grandson, Thomas Stuart, left the past week for Tulsa and Oklahoma City, Okla., where they will spend a few weeks visiting friends.

The Daughters of the Confederacy will meet next Tuesday afternoon at three o'clock at the home of Mrs. Maggie Randle.

Mrs. F. E. Case is in St. Louis this week visiting her daughters, Mesdames Selby and Kennedy.

The Woman's Club will meet Nov. 15th, with Miss Inez Lutten.

INSTALL RADIOPHONES.

Warren Ellison's Cafe installed a Westinghouse radiophone and a Magnavox Loud Speaker last week. Concerts are given even evening at this place when the conditions are favorable. This week the Elks Club has installed a similar outfit, adding a power amplifier, which gives it more volume. Both of these machines are giving satisfaction and are furnishing entertainment for quite a number.

We understand that one night will be set apart for the ladies at the Elks Club, when they can go there and be entertained. At Ellison's Cafe every night is open house, and a concert is given—maybe.

Just on a rough guess, what per cent of our population do you suppose knew there was an election going on Tuesday?

Clyde Barker left last week for Bell Buckle, Tenn., where he will attend school the rest of the school year.

Attorney Heber Finch of Fulton was a business visitor here Saturday.

LOSES BARN AND TEN HEAD OF STOCK IN FIRE

A disastrous fire occurred at about 9 o'clock Monday night near Sylvan Shade schoolhouse, when the barn of Pleas Hutchison was completely destroyed by fire. The family had retired and did not see the fire until the glare was noticed by Mrs. Hutchison and the blaze had reached unconquerable proportions. It was noticed by neighbors, too, but too late for them to be of any assistance.

In the barn were ten head of stock, eight belonging to Mr. Hutchison and two mules that were the property of Jesse McNeill. They were all burned to death.

Mr. Hutchison lives on the George Threlkeld place and it is said that Mr. Threlkeld had the barn insured. Our informant stated that he believed that Mr. McNeill had his mules insured also, but that Mr. Hutchison suffered a total loss. Besides losing his stock the latter lost a new wagon, twelve sets of harness and considerable wheat and corn.

Our readers can this week benefit greatly by reading closely the advertisements. Several of our merchants are offering some very attractive bargains.

WOMAN'S CLUB GIVES TEA

The Woman's Club gave an enjoyable tea on last Friday afternoon from three to five at the Carnegie Library, with quite a large number of out-of-town visitors. The Club invited the Music Club which was organized this past spring, to attend, also invited the Woman's Club of Fulton, and Mrs. R. L. Johnson, of Clinton, the District Governor, to attend, the latter driving over from Clinton and about twenty ladies of the Fulton Club driving over. The first part of the meeting was devoted to the old and new business, also the appointment of a delegate to attend the District Convention of Woman's Clubs at Paducah this coming Friday. Mrs. Anna Simms was elected delegate, with Mrs. C. P. Mabry as alternate. Miss Inez Luten, the president by virtue of her office, is also a delegate and will attend. A talk was made by Mrs. Anna Simms on the recent charity carnival given by the Woman's Club and Elks Club and the possibility of building a hospital, which is much needed here, and which project the Woman's Club has under consideration. An announcement was also made by Miss Annie Sheron, after which the visitors were asked to give talks, and Mrs. Johnson, the District Governor, for about thirty minutes entertained the club with an outline of the work of the club, of the coming convention at Paducah, and of the worth of the club to the community, interspersing her remarks with wit and humor. Mrs. Ramsey Snow, who is president of the new Woman's Club at Fulton, all the clubs of that city now working under its head, with nearly 200 members, gave an outline of their work, naming the departments and calling for short talks by the chairman of two of these departments, Mrs. Don Taylor, who is chairman of the Art Department, gave a few minutes' talk, as also did Mrs. J. T. Bram, formerly Miss Ivy Check, and at one time a resident of this city. Mrs. Bram is the chairman of the Literary Department. After a thorough discussion of the club work, a social hour was enjoyed, and refreshments of tea and sandwiches served.

IN MEMORIAM.

Mrs. Mattie Lavilla Clark Harper was born Dec. 29th, 1839, in Fulton County, Kentucky, and died October 31, 1922. Age eighty-two years and ten months. She was married to Charles S. Harper January 8th, 1861. To this union were born nine children, five of whom survive her. James H., Kent. Dec. Mrs. H. L. Corbin and Mrs. Mattie Baird.

Her husband died in 1878, leaving her the care of rearing the fatherless children. These, now, with their families, together with a large number of relatives and friends throughout Western and Central Kentucky, are left to mourn her going.

She appreciated her posterity which was remarkable, including fifty-four grandchildren, forty-one great grandchildren, numbering ninety-seven in all.

She professed faith in Christ at the age of thirteen and united with the Poplar Grove Baptist Church, with which she held her membership until death claimed her.

The sweet submissive Christian spirit so characteristic of her life was with her until the peaceful end.

By her request sometime before her death, the funeral services were conducted at Poplar Grove Church, by Eld. B. T. Huey, one of her former pastors, and her body was laid to rest in the old family cemetery near the church, on the old Harper homestead.

This little poem was found among her treasured papers. It happened to have been written on the same day of the week on which she died and is as follows:

What seems a trial to your blinded eyes will prove a priceless blessing in disguise. Trust God's great wisdom, and the end will tell. That through His love, all things He doeth well.

Reelfoot Lake

The last of the great hunting and fishing grounds has, for the first time been made accessible by the Bristol-to-the-Lake Highway.

LAKE CITY

The new town on Reelfoot Lake will be located on the Bristol-to-the-Lake Highway; on the south bank of Reelfoot; at the only outlet to the Lake; at the best fishing grounds; near the best hunting grounds; with the best bathing beach in the Mississippi Valley in front of it; four miles from the railroad at Tiptonville and easily accessible to Obion, Union City, Troy, Hornbeak, Ridgely, Hickman, Dyersburg, and every town and city in Tennessee and Kentucky.

The State Highway

The Bristol-to-the-Lake Highway, the only hard-surfaced road between the Lake and Obion County, connecting with every important road in Tennessee and Kentucky, makes it easy for the tourist and the sportsman to visit the Lake at its most accessible point, Lake City. The State Highway Commission has let the contract and the work has already begun for the completion of this, the most beautiful and the most picturesque road in the South. No tourist trip to the South will now be complete without a visit to Lake City.

The Future Playground

In and around Lake City will be the future playground of the Mississippi Valley. Here fishing and hunting, boating and bathing will tempt the lover of the great out-of-doors all the year, from January to December.

At Auction

On November 14, 1922, two hundred choice lots and camping sites in Lake City will be sold at auction. The sale will begin at one o'clock and will continue just two hours.

LAKE CITY

The Magic City of the Lake will be born on November 14, 1922, and we invite you to the reception in honor of Tennessee's newest and most picturesque town. Here nature has combined all her attractions of the ages: the hunting, the fishing, the boating, the bathing, the wild wood, the mound builder's city, the old Indian village, the snowy egret, the millions of wild ducks, the black bass, the croppie, the fox in the hills, the quail in the field, the turkey in the wild wood—every form of bird and fish and animal asks for your attention and every form of vegetable and geological life asks for your examination. With such surroundings, the future of Lake City is assured and the man who does not attend the sale and buy a lot or camping site has no vision of the future and does an injustice to himself and his family.

Reelfoot Lake Belongs to the People

Most of the great hunting and fishing grounds have been destroyed or have passed into the hands of rich club owners. Reelfoot Lake is the only one owned by the State for all of the people. It was David Crockett's favorite hunting ground. It was your father's. It is yours. It will be your son's if you buy a lot or camping site at Lake City so that he may always have access to it. What are you going to do about it?

5,000 People Will Attend the Sale

You will be entertained from the time you reach Lake City until you leave. A brass band and the famous Jug Band of the Confederacy will furnish the music. Lunch will be served. Plenty of fish. Your neighbor will be there. Will you? Can you afford to miss it?

We Will Give Away Five Lots

The sale will take place on the premises. Five choice lots will be given away. You won't have to buy. You won't have to bid. But you will have to be there to get a lot.

NOV. 14 and 15, 1922

Terms will be liberal and will be announced on day of sale. For further information, write or wire R. L. PAULL, Sales Manager, Obion, Tenn.

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

If you have been experimenting on yourself with all kinds of different remedies, better get back to good, old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it.

A CARD OF THANKS.

Our beloved little boy, Val Carpenter Shaw, has left us. For eight brief years he warmed our hearts and sweetened our lives. His painful sickness and his departure brought us heartaches such as only those who have loved and lost can fully understand. But we are standing on the promises of God. We are thankful for the exceeding riches of our Redeemer's grace.

During our hours of great sorrow our friends have been sympathetic and very kind. Words are not adequate to express our appreciation of their great goodness in our time of sore trial. We thank them. We thank them. God bless them.

Mrs. Edna Shaw and Family.

The Music Club met on last Thursday night at the home of Mrs. Bess Curdin, on Troy Avenue, with a most enjoyable program. The subject of the evening was Beethoven, and a paper on the "Life of Beethoven" was given by Mrs. E. D. Johnson, and a paper on "The Origin of the Moonlight Sonata" by Mrs. Jessie Dillon, both of which were very interesting. The first part of "The Moonlight Sonata" was then rendered by Miss Marguerite Fuqua. A solo, "Rain", was given by Mrs. H. L. Amberg, with her daughter, Miss Leonora Amberg, accompanying on the piano. Later in the evening she gave another solo, "The Owl." A duet "Minuet in G", was given by Misses Mary Moore and Brownie Blow, after which Miss Leonora Amberg gave two piano selections, "Humoresque" and a difficult Japanese selection. The next meeting of the Music Club will be with Miss Effie Bruer and that meeting will also be given to further study and rendition of Beethoven.

Don't censure the man who is always praising himself. He is the only one that will do it.

Paul, the Office Boy, says an extreme optimist is a man who thinks Ford's will eventually sell for a quarter.

It is said one hundred million roubles are worth \$90. At the present price of good paper that would be about 100 pounds of paper.

David Lawrence comes out with a new one in the way of a paradox—"factual conservatism." He invented it; he ought to have to explain it.

After reading the election returns from over the country we suppose the "wets" will decide to button up their

banks for a couple of years, anyhow.

We hope the time will come someday when there will be a cartoonist who knows enough about brass bands to put the drumstick in the bass drummer's right hand.

Although it has no local news value, we wish to report that Mr. William H. Henszler of Deora, Holland, was very quietly married Sunday to Miss Hermina of Brees—wherever that is.

OPERA CO. NOV. 16.

The Leiter Light Opera Company, the first number of the Lyceum Course, will give an enjoyable program at the court house, Thursday evening, Nov. 16, at 7:30.

Single admission for adults, \$1.00; school children, 50 cents. Setson tickets \$1.75 and 85 cents. All who are selling tickets are requested to settle for same with Mrs. A. A. Faris, treasurer, not later than the afternoon of the performance.

CARD OF THANKS.

We wish to express our sincere appreciation to our friends and neighbors for the many acts of kindness and expressions of sympathy, also, the beautiful floral offerings extended to us in our recent bereavement, the loss of our dear husband and father. Words cannot repay such deeds, but may He, who doeth all things well, bless and keep you in our prayer.

Mrs. John Choate and Children.

CHILDREN'S BOOK WEEK.

The General Federation of Women's Clubs has requested the observance of the week of November 12-18 as Children's Book Week. The members of the local Women's Club and all others interested are asked to send a book, which has been read and enjoyed by the children at home, to one of the schools where additional books are much needed.

FOOD SALE.

The Methodist Missionary Society will have a food sale Tuesday before Thanksgiving at the home of Mrs. Alice Amberg.

Mr. and Mrs. G. S. Harrison left on Thursday of last week for Reno, Nev., after two weeks visit here with S. B. Parker, C. L. Walker and family and W. J. Barry and family. They went to Mena, Ark., from Kansas City to spend a couple of days with Mr. Harrison's mother before going west. They were accompanied to St. Louis by Mrs. C. L. Walker, who went from there to Louisville, returning home with Col. Walker.

Mrs. Richardson, Mrs. Gardner and little daughter, and Mrs. Lovelace, of Martin, spent Saturday here with Mrs. N. E. Estes, who is visiting her sister, Mrs. Swan B. Burris.

Keep in mind the big days in Hickman.

Last Saturday morning the cotton house of Murkham, Vaughn & Glasscock, which contained 100,000 pounds of cotton, valued at \$13,000, was completely destroyed by fire which is thought to have been caused by a match going through the sack. The house and machinery were fully covered by insurance.

security and the interest only to pay for four desks to be awarded annually to pupils in the public schools of this district was included as an item in the will of Joseph J. Russell, which was filed for probate last week.

Engine 8604 on the "Sunshine Limited" was derailed at Ramsey Switch, five miles east of Charleston, Tuesday morning and rattle over the Cairo branch to Bird's Point was tied up until late that afternoon.

PROFIT BY Experience

No Discords

There is a jarring note in the life of a man who has failed to protect his property. The discord disappears only after he has secured insurance.

The selling of thoroughly sound insurance has been the business of this agency for years. Naturally quite a fund of information has been picked up about the fine points of the business.

Before your policy is written your needs are studied and your contract prepared accordingly. The result is insurance you can rely on—properly written, properly taken care of.

You'll find it worth while and to your own interests to talk matters over here.

The Surety of Purity

There are no miracles in cooking. What goes into the food must inevitably come out.

Even the baking perfection that results from the use of Royal Baking Powder is no miracle.

It is simply the result of absolute purity entering the food—and emerging again.

Royal is made from Cream of Tartar derived from grapes.

ENDORSED AT HOME

Such Proof as This Should Convince Any Hickman Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement, given by a resident of Hickman, adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it. Chas. Armstrong, Fulton St., Hickman, says: "I am glad to recommend Doan's Kidney Pills. Several years ago I had trouble with my kidneys. My back gave out and there was a dull, nagging pain across the small of it. The muscles of my back were lame and hurt when I stooped or lifted. Doan's Kidney Pills put an end to the trouble and I haven't had need of them since." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Armstrong had. Foster-McMillan Co., Buffalo, N. Y.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

TO MAKE EXPENSES BY SHINING SHOES ENROUTE

The newest firm heretofore is styled "J. F. Bartee & Sons, Trump Road, Blacks."

These gentlemen will hop off from Dresden on December 1 in their specially equipped car going south. Enroute they will shine shoes. This will be their sole means of support. Their car will be decorated to attract attention and at each stop the gentlemen will shine shoes on the streets. They expect to be gone an entire year, working in the extreme South until winter breaks, when they will work northward.

Mr. Bartee Senior has given the trip no little thought and planning. Aside from the novelty of the jaunt, he figures there will be money in it, since the three will sleep in their car and pay no hotel bills, having no expense, save that of gasoline, etc.

The Enterprise wishes them well. We promise upon their return to meet them outside Dresden and escort them home with banners flying and the band playing "There's No Place Like Home."

UP GOES SUGAR WHEN IT SHOULD BE GOING DOWN

Sugar has steadily risen in price since the passage of the Fordney-McCumber protection tariff act, and an address. Already the retail price of sugar in certain parts of the country has gone to eight cents a pound. What the price will be in another month or two depends entirely on the disposition of the refiners and the producers.

Producers of beet sugar in Europe have a surplus of 800,000 tons, it is reported from Paris. There is not likely to be any shipments of American beet sugar to European countries. The Cuban crop, it is announced from Havana, is so large that grinding of the cane will begin a month earlier than usual. If the economic laws of supply and demand were unhampered by the prohibitive tariff law enacted by the Republican Congress six weeks ago, sugar would be cheaper instead of dearer at this moment.

The tariff on sugar prevents fair competition and gives the American Sugar Trust an opportunity not only to profit by the increase of 43 per cent in the sugar tariff, but to grab twice that much from the pockets of the American consumers.

Women especially will understand what these higher prices of sugar mean in the expense of the household. They will be reminded daily of the Republican tax on the sweetening for little delicacies of the table. They will be convinced of the truth of the New York Herald's statement that the American people will have to pay, as a consequence of this protection tariff, some \$200,000,000 annually to put sugar in their teacups.

THE HOME RADIO

How to Make and Use It By A. HYATT VERRILL

XXII. THE SIMPLEST SENDING SET

Although it may be possible to devise a transmission set or radiophone which is simpler than that shown in Fig. 58, it is questionable if anything simpler would really be efficient. At any rate, this is so extremely simple that the veriest amateur should have no difficulty in setting it up. It has only two adjustments, the rheostat and the variable condenser. Moreover, it is a very cheap set and, aside

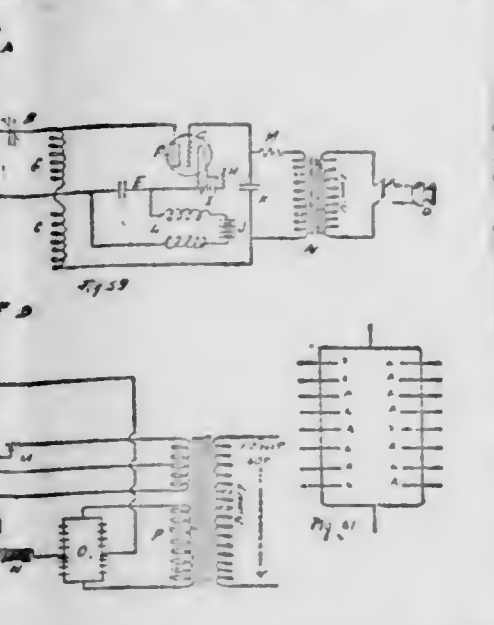

from the batteries, there is nothing which need be purchased ready-made (except wire) other than the following:

- 1 Variable condenser of .0005 mfd.
- 1 Microphone or telephone transmitter.
- 1 Rheostat.
- 1 Vacuum tube and socket.
- 1 Cardboard tube about two inches in diameter and about three inches long.

The diagram needs no explanation as to details. A being the aerial, B the ground, C the tap-off of inductance.

to the variable condenser, E the battery of from 60 to 120 volts, F the six volt battery, G the rheostat, H the tube plate, I the grid, J the phone transmitter.

To make the inductance, wind the two inch cardboard tube with thirty-eight turns of No. 16 double cotton covered wire or 11 & S. wire. When twenty turns have been taken, twist a loop in the wire as a tap-off and

then continue winding the other eight turns. The tap-off should have the insulation scraped off in making the connection at C, after which the joint should be covered with adhesive tape. If, when using the set, any difficulty is experienced it may be tuned to a different wave length by taking off one or two turns of the wire at top or bottom, or both, of the inductance. For an aerial use No. 14 phosphor bronze 7 strand or No. 14 plain copper, using an aerial at least 150 feet long and of several wires and, if possible, use a counterpoise as described under "Aerials."

The latest wonder in gold working was unveiled recently, when gold sheets were made so thin that they were actually transparent. Plates of copper were immersed in an electric bath and plated with gold until the yellow color was just visible. Then they were removed and put into nitric acid, which after a few days, dissolved the copper and left a film of gold so thin that it floated upon the surface of the liquid. These wonderful sheets were 12,000,000th of an inch in thickness. Ten thousand of them would have to be placed one upon another to be as thick as a single sheet of an ordinary newspaper.

CALOMEL IS A DANGEROUS DRUG

Next Dose May Salivate You, Loosen Teeth or Start Rheumatism.

Calomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No more necessary. Give it to the children, because it is perfectly harmless and cannot salivate.

Biographer's Chief Task.
"One of the most delicate secrets of biography," says Gamaliel Bradford, in his "American Portraits, 1875-1900," "is the distinction between gossip and psychological and spiritual truth. Gossip, the mere accumulation of piquant but irrelevant details, may stimulate curiosity but it satiates and wearies in the end. But even insignificant touches, trifling actions, brief words that throw open a wide window upon the soul are inexhaustibly fascinating to the true analyst. It is the proper task of the biographer to separate gossip from the things that really count."

From out of Maryville comes the story of a light that didn't fail.
